## CERTIFICATION OF THE ADMINISTRATIVE RECORD FILE FOR THE OPERABLE UNIT 16 RECORD OF DECISION- SGS-485-94

Action: None Required

To the best of my knowledge and belief, EG&G Rocky Flats has collected those relevant documents within its control and those which have been made available from other sources, which we reasonably believe the Department of Energy (DOE) may have considered or relied upon in selecting the response action for Operable Unit (OU) 16. EG&G has maintained this Administrative Record File consistent with applicable Environmental Protection Agency regulations and guidance regarding the Comprehensive Environmental Response Compensation and Liability Act administrative records, and existing procedures developed to support the environmental remediation program at the Rocky Flats Environmental Technology Site. EG&G is not able to certify as to which documents have actually been relied upon and considered by DOE in the response action selection for OU16.
